

Your Journey Begins with a **FINANCIAL PLAN**

HOW DOES PROXY PLAN FOR YOU?

Creating and maintaining a financial plan is a critical component to achieving financial success. Setting objectives, developing a clear picture of your financial assets, understanding risks and your time horizon, and measuring progress toward your goals are key in the wealth planning process.

➤ Proxy has the team of skilled professionals to design, implement and monitor such a plan successfully.

➤ Our specialists are ready to provide an analysis of both the market as a whole and its individual components (competitors, consumers, product, etc.), using practical methods and starting from your research goals.

TRADITIONAL FINANCIAL PLANNING

A fully customizable and comprehensive set of services, Proxy methodically collaborates, architects, implements and maintains on an ongoing basis the playbooks that enable its clients to more effectively achieve their financial goals.

RETIREMENT PLANNING

Build and protect your family's wealth proactively with Proxy. Our expertise and technology offer smart, proactive solutions, ensuring your hard work is safeguarded for future generations.

BUSINESS PLANNING

When businesses succeed they become more complex. Having the right partners to help you continue to grow while protecting your hard work is paramount. Proxy's business Planning Advisors are ready to help.

ESTATE PLANNING

The transition from working years to financial freedom takes confidence that can only come from building and knowing your plan. Proxy and its team of CFP professionals are here to help.
